

# Extreme strength in your oil mist environment

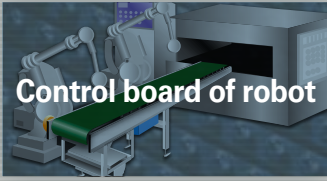

Life expectancy **40,000** hour

*Oil Proof Fans* **DC Fan**

# SanAce WF series

# SanAce WF series

Control board of robot

Inverter

Machining center

**Even in a severe environment with oil mist, the product maintains stable operation.**

Servo amplifier

NC lathe

Industrial PC

## Line up

### Size

□40mm	□60mm	□80mm	□92mm	□120mm
15mm thickness 20mm thickness	15mm thickness 25mm thickness	25mm thickness	25mm thickness	38mm thickness

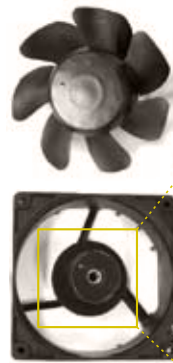

Life expectancy : 40,000 hour  
Storage Temperature : -10°C to +70°C

□40mm 20mm thickness   □60mm 15mm thickness   □120mm 38mm thickness

## Structure

- The impeller be an excellent resin material to resistance oily.
- The electrically active portion (winding · substrate) of the fan is completely sealed with oil-proof resin.
